Modular Display System - Large Panel (A0) Cork

1902217

Product Description

Designed for more permanent displays of information, this system can be easily reconfigured and changed around to suit changing display requirements. Completely modular; order as many uprights and different panels as you need, adding to them at any time. Large, aluminium elliptical uprights with cast aluminium base for guaranteed stability. Choose from large or small panels, which can be used landscape or portrait, offering complete flexibility in the size and shape of display. Unique bracket system allows fast build up and change of panels, with full instructions and display ideas included. Panels may be attached at different heights and different angles, allowing star-shapes to be created. Double sided felt panels accept pins and Velco® and are available in dark blue/grey. Cork panels accept pins only.
